

Journal of Physics.

Condensed Matter RMC Special Issue

The screenshot shows the website for the Journal of Physics: Condensed Matter. The browser address bar displays the URL <http://www.iop.org/EJ/journal/0953-8984>. The page header includes "The Chadwick & RAL Libraries" and "IOP | electronic journals". A navigation bar contains links for "Journals Home", "Journals List", "EJs Extra", "This Journal", "Search", "Authors", "Referees", "Librarians", "User Options", and "Help". The "Authors" link is circled in red. The main content area features a "Top papers collection 2008" section with a purple molecular structure icon. Below this, there are links for the "Latest issue (complete)" (No 41, 14 October 2009) and "Open issue" (No 42, 21 October 2009). The "Current volume" is set to "Number 42, 21 October 2009". The "Journal archive" section shows "Vol 21, 2009". Other sections include "Forthcoming articles", "Featured articles", "This Month's Papers", "Fast Track Communications", and "Top Papers 2008 Showcase - PDF file". The right sidebar contains information about the journal's ISSN, e-mail alerts, a "Meet our authors" section, the 2008 Impact Factor of 1.900, and an RSS feed link.

Continue your author list here if required

Journal of Physics: Condensed Matter is no longer receiving submissions of Letters to the Editor. If the results in your article are short, urgent and important for the specialist readers of the journal, then we recommend that you submit the article as a Fast Track Communication (see the [Guidelines for authors](#) for more details).

Keywords

Special issue details if applic

- Special surfaces issue
- surface nanopatterns
- 20 years
- Heterogeneous nucleation
- Strong coulomb correlations
- Dynamics of wetting
- Diamond
- Dynamically slow processes
- Mike Gillan
- Theodore Madey
- Cell-substrate interactions
- ERM 2008
- CECAM workshops on colloids
- DNA-inspired physics
- Peter Eklund
- Buried interface science
- Classical DFT
- Water at interfaces
- Computational systems biology
- Reverse Monte Carlo
